

axes4 Activation Manual: Personal License (Personal License Account)

V07.2024

Please note

- If you want to use axes4 software exclusively for yourself, a **Personal License Account** is sufficient for you.
- Only if you want to use axes4 software in a team, you will need to set up a **Team License Account**. There is a separate manual for this.

1 Preparatory steps

1. Make sure you have your license key at hand.
2. Determine which email address and password you want to use for your axes4 ID.

2 Set up a personal license account

2.1 Steps at a glance

The following steps are necessary so that you can use axes4 software exclusively for yourself:

1. Create access to license management using the axes4 ID:
<https://licensing.axes4.com> (click the **link: SignUp** or just login with your axes4 ID if you already have one).
2. In License Administration: Add a license to your Personal License Account
3. Installing the axes4 software on the user's computer
4. On the user's computer: Call the License Manager (via tray/notification area of the taskbar)
5. On the user's computer: Log into the License Manager with the axes4 ID of the respective user
6. On the user's computer: Activate the software in the License Manager in the card "**Active Applications**" by selecting the preferred license

3 License administration: log in with your axes4 ID

1. Open <https://licensing.axes4.com> in your browser. You reach the **axes4 login**:

The screenshot shows the axes4 Login page. At the top is the axes4 logo. Below it, the text 'axes4 Login' is displayed, followed by 'Login for axes4 applications'. There are two input fields: 'Email' with an envelope icon and 'Password' with a lock icon. Below these fields are two links: 'Forgot your password?' and 'Sign up'. At the bottom is a large green button labeled 'Login'.

2. Click on the **link: Sign Up**
3. In the **Dialog Box: SignUp**, enter your preferred e-mail address and set a password for your axes4 ID:

The screenshot shows the axes4 ID Sign up page. At the top is the axes4 logo. Below it, the text 'axes4 ID' is displayed, followed by 'Sign up'. There are two input fields: 'Email' with an envelope icon and 'Password' with a lock icon. Below these fields is a link: 'To axes4 Login'. At the bottom is a large green button labeled 'Create axes4 account'.

4. Confirm your entries by clicking the **Button: Create axes4 Account**. The combination of email address and password entered above is now your axes4 ID.

5. You now reach the **axes4 license administration**. Your personal license account is already created by default:

4 License Administration: Add License to the Personal License Account

1. Press the button **Add License**:

2. In the **dialog box: Add License**, enter your license key in the input field:

Add license

Enter license key

License key

CANCEL CONFIRM

3. Confirm your entry using the button **Confirm**

4. Your new license now is listed under licenses:

5 View License Details

1. Go to <https://licensing.axes4.com>
2. Log into your license administration using your axes4 ID.
3. As a default option you now will be redirected to your personal account's license overview:

4. Tabbing the linked name of your license will open license details. Here you can view for example your license key, the expiration date or the included products:

6 Install axes4 software on your computer

6.1 System Requirements

All the necessary components are installed with the respective setup. This includes the axes4 license manager and all required .NET components.

6.2 Download up to date axesPDF software

The latest versions for installing can be found below.

6.2.1 Download axesWord

<https://www.axes4.com/en/products-services/axesword/download>

6.2.2 Download axesPDF

<https://www.axes4.com/en/products-services/axespdf/download>

6.2.3 Download axesSlide

<https://www.axes4.com/en/software-services/axesslide/axesslide-download>

7 Activate your Software

7.1 Open License Manager

- In the notification area of the Windows taskbar ("system tray"), you can open the License Manager (axes4 License Manager) via the axes4 icon:

7.2 Log into License Manager using your axes4 ID

- In your default browser, the login opens:

A screenshot of the axes4 Login page. The page has a white background. At the top, there is the axes4 logo (a green square with a white '4' and the word 'axes' in white). Below the logo, the text 'axes4 Login' is displayed in a bold, black font, followed by 'Login for axes4 applications' in a smaller, regular black font. There are two input fields: one for 'Email' with an envelope icon and one for 'Password' with a lock icon. Below the password field, there are two links: 'Forgot your password?' and 'Sign up', both in green text. At the bottom of the form, there is a large green button with the text 'Login' in white.

- Log in here using your axes4 ID.

7.3 Activate the software in the license manager in the card "Active Applications"

1. In the card **Active Applications**, press the button **Select Applications:**

The screenshot displays the 'axes4 License manager' interface. At the top left is the 'axes4' logo. The main title is 'axes4 License manager'. Below this, there are two main sections. The first section, 'User information', features a user icon, the text 'User information', a green checkmark next to 'axes4 ID', and a blurred email address. A 'LOGOUT' button is located in the bottom right of this section. The second section, 'Active Applications', features a ribbon icon, the text 'Active Applications', and a small green circular icon with a white 'Q' in the top right corner. Below this, it says 'There aren't any selected applications'. A large green button labeled 'SELECT APPLICATIONS' is positioned in the bottom right of this section.

2. Select the desired license for each application. Typically, you will only have the "Do Not Use" options per application or have a specific license available:

axes4 License manager

Select Applications

Select which license you want to apply to use an application.

8 Communication channels

- The axes4 software (client) must establish a connection to the Internet in order to activate or renew the activation.
- Requests to the axes4 license server are only made from the client and only to the same address: <https://api.axes4.com>
- Authorization requests always go to the same address: <https://auth.axes4.com>
- Incoming connections can be 100% blocked

9 Transmission of data

9.1 Transmission of axes4 ID

The axes4 ID is your key to all axes4 applications. Each time you log in via your axes4 ID, your corresponding email address is transmitted to the axes4 license server.

9.2 Anonymized data

For the license system to work reliably, it is necessary to submit anonymized data for the assignment of licenses and features. Anonymization is made by the locally installed license manager or licensing agent.

Anonymization is done according to the proven cryptological hash function SHA256. This ensures that no personal data is provided in addition to the axes4 ID during login-based licensing.

9.3 Overview of the transmitted data

The following anonymized data is transferred during activation:

1. Client's system time
2. Anonymous UserID
3. Anonymous DeviceID
4. Anonymous ClientIDs
 - a. ClientID1 derived from the user name (SHA256)
 - b. ClientID2 derived from the user's domain (SHA256)
 - c. ClientID3 derived from various hardware information (CPU, baseboard, system)) (SHA256)
 - d. ClientID4 derived from host name (SHA256)
 - e. ClientID5 derived from the domain of the device (SHA256)
 - f. ClientID6: derived based on ProcessID (for example, if you run 2 identical applications on one machine)
 - g. ClientID7: LoginID (randomly generated by us every time you login)

The clientIDs are recreated on the fly (activation, deactivation, token refresh) for all license operations and are not stored in the database.

9.4 Application of anonymized data

The anonymised data transmitted will only be processed and evaluated for the following purposes:

- Correct license assignments
- Ensuring the functions
- Targeted support
- Statistical evaluations
- Optimization of service

10 Glossary

The order of the entries depends on the appearance in the text.

Login-based Licensing	Licensing type in which the end user authenticates to the axes4 license server via his axes4 ID.
License Key	The code (GUID) to identify your license. It is required for unlocking your purchased axes4 software.
License Administration	In web-based License Administration, you can administer your license accounts. You can choose between a Personal License Account and Team License Accounts.
Team License Account	The Team Licenses Account (short: Team Account) is for licenses that you use in the team.
Personal License Account	The Personal License Account is for licenses that only you personally use.
User	User of axes4 software
Admin / Administrator	Users with administrative rights to the appropriate license account.
Client	axes4 software
axes4 ID	The axes4 ID is your access to the services in your axes4 account and consists of your email address and your personally defined password.
Application	A single axes4 program as well as web-based axes4 applications
